

'Part of our preparation for the 19th Congregational Chapter in 2022 was a chance to meet via zoom. It was a great opportunity to see our delegates all together as we met on Screen as we began to form a virtual Community. We were able to share our reflections on the Chapter process, our dreams and our challenges and our hopes for the future vision of Little Company of Mary.

It was great to have Sr. Min-ah Ahn SC as our Translator and this was also a chance to 'check the technology' so that we would be able to have simultaneous translation and to have a trial run for the onsite Chapter.

For me it was a visual opportunity to be aware of Venerable Mary Potter's words '*the whole world is our domain*' (Mary's Conferences) as we shared our culture, gifts and ways of living out our Charism in our own regions/ province and communities, sharing the dreams of living out our Little Company Mary Mission in the different parts of our world and where we saw the needs for now and into the future.

It will be good to meet again in person in Knock, with the great hospitality of our Irish Sisters, a special place where Our Lady of Knock will be our guide and with the prayerful preparation of all our Sisters and our Associates in the Congregation as we continue to '**Let Love Lead.**'

Sr. Helen Kelly LCM
Southern Cross Region
